

IPv6 Address Space Reserved for Documentation

draft-blanchet-ngtrans-exampleaddr-01.txt

Marc Blanchet

Marc.Blanchet@viagenie.qc.ca

- Reserve an address space for documentation:
 - RFCs, drafts, vendor doc, books, examples...
- Proposed:
 - Inside the 3ffe: space
 - At the end of the space (3ffe:ff...
 - Length: 24, 28, 32

- 3ffe:ff00::/24
 - Equiv of the pTLA past policy
 - Enables examples with multiple current TLAs (/29)
- 3ffe:fff0::/28
 - Follows the current pTLA policy (anything >28 would consumes anyway a pTLA)
 - Enables two TLAs
- 3ffe:ffff::/32
 - Smaller, less space wasted
